

CABINET SELECTIONS ARE SETTLED UPON

Bryan Will be Secretary of State and Wm. G. McAdoo of New York Secretary of Treasury

SEC'YS. OF WAR AND AGRICULTURE NOT NAMED

Alberts S. Burleson of Texas Will be Named Postmaster General and Josephus Daniels of North Carolina is to be Secretary of the Navy

COL. GOETHALS FAVORED AS SECRETARY OF WAR

WASHINGTON, FEB. 25.—It was stated positively tonight in high congressional quarters closely identified with the incoming administration of President Wilson that the following cabinet appointments had been definitely determined upon.

Secretary of State—William Jennings Bryan, of Nebraska.

Secretary of the Treasury—William G. McAdoo, of New York.

Postmaster General—Albert S. Burleson, of Texas.

Secretary of the Navy—Josephus Daniels, of North Carolina.

The foregoing names and positions are said to have advanced entirely beyond the stage of conjecture or gossip, and become finalities in the forthcoming cabinet list. Other places in the cabinet are said to be reasonably settled, with the exception of the post of secretary of war and agriculture.

Palmer Not in Cabinet.

The name of A. Mitchell Palmer of Pennsylvania, which has been prominently mentioned in connection with the attorney generalship is now definitely eliminated. It appears that a cabinet position was tendered Mr. Palmer and declined, the expectation being that he would remain in the house to be in a sense the personal representative of Mr. Wilson in the most important legislation about to be formulated. This plan was carried into partial execution last day when the announcement of Representative Burleson that he would resign the position of chairman of the Democratic house caucus at an early day, was coupled with the announcement by house leaders that Mr. Palmer would succeed as chairman of the caucus.

Other names which have been prominently mentioned for the attorney generalship, by which are now definitely eliminated from this or other cabinet positions are Chancellor Walker of New Jersey and Representative Henry of Texas. Chancellor Walker was highly regarded and is probably due to his own wishes that his name is no longer considered. The determination of Mr. Burleson of Texas for the postmaster generalship had the natural effect of eliminating Mr. Henry's name from further consideration he being also from Texas.

For Attorney General.

Some of the information available was of a negative character on names which had been prominently mentioned. It was stated with considerable positiveness that neither Representative Robert L. Henry of Texas or Chancellor Edward R. Walker of New Jersey would be designated as attorney general.

The selection of Representative A. Mitchell Palmer of Pennsylvania for attorney general or some other cabinet position was considered probable but in some quarters it was said, however, that Mr. Wilson was desirous of utilizing Mr. Palmer's services in the important work soon to be formulated in the house of representatives.

The discussion of the foregoing names and positions was more active today than at any time thus far during the session of congress. Democratic leaders declaring that the cabinet formation had now reached a stage where formal announcement would be made within the next few days, some of them believing that it might come before the close of the present week.

Strength was added to the report of Mr. Burleson's selection as a member of the cabinet when, as chairman of the house Democratic caucus he issued the following statement last today:

"When I call the Democratic caucus to order on the fifth day of March I shall ask it to select my successor. I will not be a candidate to succeed myself. I have nothing to add to this statement."

Members of the house generally regarded this statement as a certain indication that Mr. Burleson has accepted a cabinet portfolio.

For Secretary of War.

Information from other sources gave assurance that Colonel George W. Goethals, chief engineer and chairman of the Panama canal commission, is under consideration for secretary of war. Some close friends of the incoming administration have felt that a lawyer should be chosen

WILSON GIVES UP N. J. GOVERNORSHIP

**RESIGNATION AS STATE EXECUTIVE
WILL TAKE EFFECT SATURDAY**

Both Houses of Legislature Record Overwhelming Vote Against President-Elect's Pet Reform Bill—The Jury Reform Measure.

TRENTON, N. J., FEB. 25.—Governor Woodrow Wilson warned the members of the New Jersey legislature tonight, that, as president of the United States he would feel privileged to come back even as early as next week to fight before the people of the state for pending reforms. Mr. Wilson resigned the governorship today to take effect Saturday. Both houses had hardly received his notice of resignation when the assembly went on record by an overwhelming vote against pushing the jury reform bill from first to second reading. This bill had been urged particularly by Mr. Wilson in his messages. It would take away the power to draw jurors from the sheriff lodging it with a commission appointed by the governor.

Breach of Discipline.

Mr. Wilson regards today's developments as a breach of party discipline. He believes, however, that the principle of justice in this country is at stake in the process of selecting juries and he considers the issue so vital that he declared that soon after his inauguration he might deliver several speeches on this subject before the people of northern New Jersey, most of whose assemblymen voted in effect against the governor today.

"Yes, it looks as if the bill were beaten," said Mr. Wilson tonight, "but it isn't dead yet. It is perfectly well known that the persons who are exerting pressure on the legislature to defeat this bill are those who wish to control grand juries because they want to break the law and the people of the state will understand that abundantly before I get through with it."

The president-elect said that if the jury reform bill were defeated he would consider that he were booked to speak in the primary campaign next fall against assemblymen seeking re-election who had voted against the measure.

The governor's declarations caused a flurry of excitement in political circles.

Mr. Wilson had little national business before him today. He will be at the state house tomorrow for his last working day. Saturday he will attend the inauguration ceremonies here on his successor, James F. Fiebler, president of the senate.

WILL AWAIT GOMPERS COMING

Iron Workers Delay Action on All Questions Until Gompers Can Advise Them.

Indianapolis, Ind., Feb. 25.—Action on all questions involving the future of the International Association of Bridge and Structural Iron Workers, all but two of whose officials were convicted at the "dynamite conspiracy" trial, to day were ordered by the delegates at the annual convention to be deferred until after the visit from Samuel Gompers, President of the American Federation of Labor.

After Frank M. Ryan, the president and John T. Butler, the first vice-president and 31 other executive board members and business agents of the iron workers union were convicted last December of using the union's funds to defray the expenses of John J. McNamara's "dynamiting campaign," the members started a plan for re-organizing the union. When the question of selecting new officers and adopting other policies affecting the union's welfare came up at the business session to day the delegates voted to delay action until the arrival of Mr. Gompers Thursday when it is expected he will advise them what to do.

LEAVES \$60,000 FOR TRANSLATION

Bequeaths Entire Estate For Purpose of Translating Bible Into Four Different Languages.

Centerville, Iowa, Feb. 25.—Directing in his will that the words "read, pray and obey" be printed on the fly leaf of every bible, Dr. Amos Patterson of this city who died last week bequeathed his entire estate and personal property valued at \$60,000 to the American bible society for the purpose of translating the bible in the Japanese, Chinese, Indian and African languages.

Dr. Patterson was buried to day. He was buried to day. He was 57 years old and without a family and had traveled extensively in the Holy Land.

NO MORE CHARGES AGAINST CHICAGO PACKERS

Chicago, Feb. 25.—Three indictments under the Sherman law against Chicago packers were dismissed here to day in the federal court by order of Attorney General Wickesham. Another indictment, obtained in 1905, also was dismissed, thus clearing the calendar of all charges against the packers.

WILL MAKE DEMAND UPON GOVERNMENT.

Washington, Feb. 25.—A demand upon the government for adequate troops to protect El Paso and other border points will be made tomorrow through the senate foreign affairs committee or on the floor of the senate by senators from Texas and New Mexico.

OUTLOOK IS BRIGHTER U. S. Government Thinks Mexican Outlook is More Hopeful

**DISPATCHES FROM WILSON AND
CONSULS ON SITUATION WERE
READ AND DISCUSSED**

HOLD CABINET MEETING

**DISPATCHES FROM WILSON AND
CONSULS ON SITUATION WERE
READ AND DISCUSSED**

WASHINGTON, FEB. 25.—The administration is taking a much more hopeful view of the outlook in Mexico. This was reflected in the cabinet meeting today when all of the recent dispatches from Ambassador Wilson and American consuls in various parts of Mexico were read and discussed.

The conclusion was reached that nothing remains to be done at this time to safeguard American interests in Mexico in view of the excellent disposition professed towards Americans by the Huerta government. The only threat of serious trouble came from the consulate at Ciudad Porfirio Diaz who reported that Col. Jesus Carranza, brother of the governor of Coahuila had removed in that section today with an armed band of two hundred men with the intention of establishing headquarters in the city of Moncolva for the purpose of maintaining order. It is strongly suspected, however, that the apparently hostile attitude of some of the Madero governors and other officials as that of a number of rebel leaders had been assumed in the hope of thereby inducing the government to provide them with remunerative offices.

AMERICAN ATTACKED.

The attitude of the revolutionists in the Durango district toward the Huerta regime remains problematical. A band of 68 bandits sacked and partially burned the bridges on the American Smelters Securities company near Voladerna Sunday night and the American manager, who was attacked and beaten, saved his life only by the payment of five hundred Mexican dollars to his assailants.

The consul at Durango further reports that 200 volunteers have deserted from the Torreón garrison presumably to fight against the new government. He says bridges on Mexican railroad have been burned north and south of Torreón and between that city and Saltillo City. Although there is some increase brigandage around San Luis Potosi, railroads are operating to the south and east in that section. Hermosillo remains quiet except for the excitement attending sensational rumors which have reached the capital.

War department's reports today relate principally to the extensive movements of troops towards Galveston under the recent concentration orders. General Stever, after having personally inquired into the situation on the south side of the river near Brownsville, Texas, which led to a threat of a Texan invasion reported to the war department that the apprehension was "groundless."

United States Deputy Marshal Linton had told General Stever that everything was quiet on the American side of the river there had been no outrages there and he knew of none in Matamoros on the Mexican side. Altogether the outlook was decidedly peaceful.

The department announced that the transport Meade, with a detachment of marines aboard which is now at Guantanamo will at once proceed to Galveston to take her place with other army transports there.

CARTER LEAVES FOR TEXAS.

Chicago, Feb. 25.—Major General William H. Carter, commander of the central department and second division of the United States army and his staff left here tonight for Texas City, Texas, where he will take charge of 14 Mexican soldiers sent to be assembled there.

The 1,000 men who were to have left Fort Sheridan tonight will not move until tomorrow morning. Adequate preparations for their departure could not be made in time for them to leave today.

Four special trains will be utilized to carry the men. Col. C. H. Murry in charge of Fort Robinson, Neb., today was notified to assume command of the central department in the place of General Carter.

Los Angeles, Cal., Feb. 22.—W. M. Molabrid, receiver for the California Development company, which controls the Imperial Valley Irrigation System, telegraphed to Washington to day asking that troops be sent to lower California borders between Yuma, Ariz., and Calexico, Cal., to protect the head gates and canals on which 3,000 American ranchers are dependent for their water supply.

Holabrid has sent a similar request to the governor of Lower California. With Mexican troops on one side of the border and American troops on the other, the receiver believes there can be no repetition of the rebel raids in Lower California which endangered the irrigation system during 1911.

PURCHASES CALIFORNIA LAND.

A. H. Wright who recently returned to his home in Franklin after an extended trip in the west and southwest, has purchased forty acres of land near San Diego, Calif. Mr. Wright expects to return to California to make his home sometime this summer.

DR. FRIEDMANN TO DEMONSTRATE CURE

WILL TRY BACILLI ON TUBERCULOSIS PATIENT IN N. Y.

**Process is Said to be a Slow One
But First Effects Are to be Seen
Soon After Inoculation—Method
of Administering Important.**

NEW YORK, FEB. 25.—The United States government took action today to try the cure for tuberculosis which Dr. Frederick F. Friedmann, to the discovery of a cure for tuberculosis when by the order of the surgeon-general, a physician of the United States marine hospital service, Dr. Milton H. Foster, was sent to meet the young German physician on his arrival here today aboard the steamship Kronprinzessin Cecilie. At the request of the government surgeon, Dr. Friedmann, after half an hour's conference with the surgeon-general, the trip up from quarantine, consented to turn over a quantity of his bacilli to be tested by the government and to demonstrate the efficacy of his cure before physicians of the hospital service. He agreed to meet a laboratory expert of the government in this city Thursday to arrange for the demonstration which will be tried on tuberculous patients.

Dr. Friedmann, who comes to this country at the instigation of Charles E. Finlay, a New York banker, who hopes the physician will be able to cure his son-in-law of the disease, declared tonight that his remedy was not a secret and he proposed to make it known "to all the world" the method by which it was created and the manner in which it was administered. It consisted of bacilli taken from a turtle into which tubercular bacilli from a human being had been injected, he explained.

A Cure For All Forms.

"I have been working on the cure for fourteen years and in the last two and a half years I have treated from 2,500 to 3,000 patients," he asserted. "How many I have absolutely cured I cannot estimate, but their number has run into the hundreds. The remedy cures all forms of tuberculosis except such cases as are quite hopeless—that is on the point of death. The process is a slow one, but the first effects are to be seen two or three weeks after inoculation. The time when an absolute cure can be said to be effected is a matter of months. The method of administering is fifty per cent of the cure."

"I want all mankind to benefit by my discovery. I have already turned over some of the bacilli to the German government and I am very glad to turn it over to the American government."

Dr. Friedmann denied that he had been offered \$1,000,000 by Mr. Finlay if he would cure 95 out of 100 patients in this country. He admitted that he was to receive a "substantial compensation" in case he cured the banker's son-in-law, Ray Paris of this city.

"All I care about is sufficient reward to enable me to demonstrate the cure to the world."

The surgeon brings a quantity of his bacilli with him which he expects to administer to the banker's son-in-law tomorrow.

GARIBALDI IN NEW YORK.

New York, Feb. 25.—General Giuseppe Garibaldi, grandson of the Italian liberator and soldier of fortune, who was one of the leaders under the late President Madero, arrived here today aboard the steamship Kronprinzessin Cecilie. General Garibaldi denounced the killing of Madero as "one of the blackest crimes in history."

QUESTION THAW'S COMPETENCY AS WITNESS.

Albany, N. Y., Feb. 25.—The question of Harry K. Thaw's competency as a witness in the examination Governor Sulzer's committee of inquiry is making in the alleged attempt to secure Thaw's release through bribery, has been raised. He will be examined by the committee, however.

BILL MAY PASS TODAY

**Naval Appropriation Measure to be Discussed
Further Today**

IS REDUCED \$448,000

**House Struck Out of the Bill
Items Totalling \$498,000 But
Restored \$50,000 Later**

WASHINGTON, FEB. 25.—The naval appropriation was still under discussion in the house in a session that continued late tonight with the real storm over the battleship increase program delayed until tomorrow. Politics injected into debate over the measure on which a fight of the so-called economists Democrats centered enlivened both the day and night sessions. The bill probably will pass tomorrow.

The house struck out of the bill items totalling \$498,000, but afterwards restored \$50,000 for Annapolis.

A bitter exchange regarding the house leadership occurred when Democratic Leader Underwood re-senting a charge of Republican Leader Mann, that the Democrats had broken their faith on time of the adjournment of the night session, served notice that unless agreements were made with him as the leader of the Democratic side he would hereafter ignore Mr. Mann as Republican leader. The issue was raised when Mr. Mann objected to the house continuing in session after 10:30 p. m., and Mr. Underwood insisted that it continue in session until the battleship program was reached. The session was prolonged until nearly 11 o'clock, the battleship bill to come up tomorrow.

SUNDAY

Carrying total appropriations of \$118,525,726 the sundry civil appropriations today by its chairman, Senator Warren. This is an increase of \$5,362,106 over the amount the bill carried when it passed the house.

The bill includes Senator Perkins' amendment appropriating \$15,000,000 for a government display at the Panama exposition in San Francisco. The only other large item of increase is that of \$2,323,972 for the enlargement of the capitol grounds at Washington.

Other increases was \$70,000 for the construction of small pox hospitals for the natives of Alaska; \$237,840 for the construction of a drainage system at Hot Springs, Ark., and \$100,000 to defray the expenses of the American contingent of the joint commission appointed to settle the questions involved in connection with streams along the boundary between the United States and Canada.

Indian Appropriation Bill.

Carrying approximately \$13,657,852 of which \$10,995,952 is appropriated out of the treasury the remainder being reimbursable items the Indian appropriation bill was today passed by the senate.

The measure as passed almost doubled the appropriations authorized by the house. The senate increased the suppression of the liquor traffic among the Indians, the construction of hospitals for the treatment of Indians suffering from tuberculosis, trachoma and other diseases and the improvement of Indian schools.

Federal Bureau of Mines.

President Taft today signed a bill which more clearly defines the functions and broadens the scope of the federal bureau of mines. This act is the first general recognition by the federal government of all branches of the mining industry, according to Representative Foster, chairman of the house committee on mines and mining.

Recommends Payment.

In a special message to congress today President Taft urgently recommended the immediate appropriation of \$250,000 for the first annual payment to Panama under the terms of the treaty by which Panama gave the United States permission to build the Panama Canal. The treaty provided that in addition to \$10,000,000 in gold paid for the canal zone an annual sum of \$250,000 was to be paid as long as the treaty existed, beginning nine years after ratification of the treaty.

The house money trust committee probably will vote tomorrow on its report, which will be submitted to the house Thursday or Friday. The committee today completed the reading of the analysis of the testimony taken throughout the hearings, prepared by Samuel Untermyer, its counsel. The report will be based almost entirely on Mr. Untermyer's recommendations.

Following close upon President-elect Wilson's espousal of the cause of United States citizenship, for the people of Porto Rico, Senator Poinsett of the senate committee on Porto Rico today made a favorable report to the senate on the house bill conferring that rights upon the Porto Rican people.

The provision in the postoffice bill to require popular election of postmasters in fourth class offices paying salaries of more than \$300, provoked great debate. Senator Bristow said it would prove a much more satisfactory method of filling postoffices than to place postmasters under civil service rules.

The provision was finally stricken out of the bill on a point of order the chair sustained.

NO CHANGE SHOWN IN SENATORIAL FIGHT

**VOTING MAY BE RESUMED TODAY
WITH NO APPARANT CHANGE**

**Movement Is Reported on Foot For
Another Progressive Caucus—
County Petitions Demand Lewis
and Sherman's Election.**

SPRINGFIELD, ILL., FEB. 25.—If the sensational deadlock in the Illinois legislature is to be broken this week there are no indications of it here tonight. Apparently the fight will be resumed tomorrow with things in about the same shape as when the adjournment was taken last Thursday.

Governor Dunne, Speaker McKinley, Chairman Arthur Charles of the Democratic state committee, National Committeeman Charles Boeschstein and David E. Shanahan, Republican floor leader have all been away from the capital. Governor Dunne arrived from Chicago shortly before midnight and went directly to the executive mansion. Speaker McKinley and Representative Shanahan sent word that they will arrive on the train early tomorrow morning as will the others.

Democratic leaders declare the party machinery is holding fast for two Democratic senators from Illinois. This does not in any manner conform to the views of Governor Dunne and other friends of Colonel Lewis who have taken the stand that it is impossible to elect more than one Democratic senator and that the Democrats and Republicans should unite in the election of Lewis and Sherman, the former for the long term.

Hon. Frank P. Funk of Bloomington, the caucus nominee of the Progressive party for senator, and several Progressive representatives were among the early afternoon arrivals to day.

It is reported that a movement is on foot for another caucus of the Progressives tomorrow to ascertain definitely just how many of them can be counted on in a combination with the Republicans for the long term and Funk for the short term.

Several members returning to day brought word that Republicans and Democrats have joined together in their districts in circulating petitions demanding the election of Lewis and Sherman.

Word from Macoupin county is to the effect that nearly every voter in the county has signed a petition of this character.

Early Arrivals

Representatives Homer J. Tice and A. N. Abbott, both republicans, were the first early arrivals to return to the capitol. In view of the fact that the two houses do not meet until tomorrow morning but few members are expected before a late hour tonight and early tomorrow morning.

In the opinion of both Messrs. Tice and Abbott there has been no change in the senatorial situation since adjournment last week and the fight will be renewed about where it left off last week.

Former State Senator Albert E. Isley of Newton, Jasper County, Ill., occupied the desk of the chief clerk of the index department in the secretary of state's office, Captain Stephen D. Spear, who came here 16 years ago with Secretary Rose from Pope County having resigned. It is understood that Mr. Isley will occupy the place temporarily and that latter he will be made chief clerk in the secretary's office. His position now is held by Harrington E. Clananah, who also came here 16 years ago with Mr. Rose from Pope county.

According to the inner circle of gossip about the capitol building, John H. Caldwell of Springfield, son of Hon. Ben F. Caldwell of Chatham, is slated to succeed Dr. J. A. Wheeler at the head of the state game department.

IOWA WOMAN ELECTROCUTED

"Massage Vibrator" Sends Electric Current Through Water in Bath—Tub Causing Death.

Des Moines, Iowa, Feb. 25.—While bathing at her home here this afternoon, Mrs. F. B. Austin, wife of a prominent business man was electrocuted by a "massage vibrator" which she had been using. The body was discovered by her 9-year-old daughter when she returned from school. It was partly submerged in the bath tub, and a deep burn across the breast and the neck, caused Coroner Lee to issue a death certificate due to shock from the vibrator. It is believed the water in which Mrs. Austin had been bathing, furnished a conductor and let the electric current through her body in sufficient force to cause her death.

REBEL ACTIVITY IN NORTH INCREASES

**Rebel Forces in Coahuila Have

HUERTA SENDS AMNESTY PROCLAMATION BROADCAST

LAREDO, TEXAS, FEB. 25.—A telegram received here late tonight from Monterrey denies that Emilio Madero had been shot near that city as reported in a despatch from Mexico City. Everything is quiet in the vicinity of Monterrey, according to the despatch.

BULLETIN.

MEXICO CITY, FEB. 25.—Emilio Madero, a brother of the late ex-President Madero, has been shot and killed north of Monterrey, according to reliable information received here. With an escort of thirty-five men, Madero, it is said, was attempting to join the rebels holding Laredo when he was overtaken by troops sent by General Trevano. The reports do not indicate whether Madero was killed in action or was executed.

The shooting took place between Villadama and Bastamante. As the rebel leader in the Laredo district, Geronimo Villareal, is a partisan of General Trevano, the government expects that the trouble in that vicinity will be adjusted.

Emilio Madero, in conjunction with his brother Paul, a few days ago, began a counter revolution at San Pedro in the state of Coahuila, in the expectation of uniting the rebels about Saltillo with those in the Laredo district.

MEXICO CITY, FEB. 25.—Hope for immediate peace in Mexico is slight. Rebel activity in the north has increased and the government's efforts to enter into arrangements with the Zapatistas appear to have failed.

Whether the rebels, whose center is the state of Coahuila, have increased numerically is not generally known, but they have so conducted their operations already that communication with the frontier has been stopped, that region between Laredo and San Luis Potosi being practically isolated. In the south the Zapatistas continue burning and raiding and an attack on a military train between Oaxuma and Mexico City leaves little doubt as to their attitude toward the new administration. The attack was of the ordinary ambush type.

The train was stopped by a burned out bridge and the fighting continued for more than two hours.

Demands Unreasonable.

One of the demands of the Zapatistas made today by commissioner representing that section of the rebels, was that the regular establishments be admitted to the regular establishments with corresponding rank, some having assumed the title of general. To this government strongly objected.

The commissioners left in order to report to their chief and a word came back that the Zapatistas considered the revolution still in progress.

President Huerta insists that his will not be a government of retaliation or revenge but will devote its energy to the placation of persons mildly antagonistic and to stern repression of its active enemies.

As indicating the sincerity of the president most of those who were arrested immediately after the overthrow of Madero have been released among them Juan Sanchez Azcona, Madero's private secretary.

An amnesty proclamation has been sent broadcast.

Others More Peaceful.

To offset the antagonism of the Zapatistas, the government believes there will be no difficulty in concluding arrangements for peace with Juan Andrew Almazan and Julio Radillo, the two most prominent leaders in the state of Guerrero. Nor is there much doubt felt that arrangements can be made by the government agents sent to El Paso with representatives of Orozco's army.

Benjamin Argumedo, Cheche Campos and the two Orozcos the most valiant leaders, it is announced here, have expressed willingness to cooperate.

The official closing of the port of Laredo was the first public intimation here that the government regarded the rebels in the north as

"BARGAINS"

The wise buyer will not be caught by an adroitly worded advertisement offering flour at bargain. Bargain in flour are as scarce as white black bird. "Pure" high grade flour is as staple as silver dollars. There is rarely a fluctuation of over more than a cent a bushel in wheat in any one day. If flour is offered for a greater difference it will be grounds for suspicion. The buyer of alleged "bargains" gets just what he pays for, but it will not be a bargain because it will not be made from sound wheat.

Our "White Lily flour" is absolutely "pure" and "high grade" made from sound wheat and not a lower grade flour artificially treated or bleached to bring it up to standard. It is absolutely pure. Do not permit any one to offer you an imitation or substitute for White Lily Flour at a so called "Bargain"

THREE MORE ENTRIES IN FOR BASKETBALL TOURNAMENT

Bluffs, Virginia and Griggsville
Send List of Eligible Players—In-
terest Increasing in Meet.

As the time approaches for the
basketball tournament to be held
here Friday and Saturday, the interest
grows. The sale of tickets has
been satisfactory and the manage-
ment feels most encouraged. The
response which has been made by the
various schools in reply to invitations
to enter the tournament has been
most prompt and the rivalry prom-
ises to be quite marked. The fol-
lowing entries were received yester-
day:

Bluffs—Arthur Christner, Leroy
Castle, Elmer Thorn, Harvey Seers,
Cecil Murrah, William Sennay and
Russell Wolford.

Virginia—Homer Cooper, Alfred
Treadway, Eugene Suther, Walter
Whitner, Charles Walke and Geo.
Hill.

Griggsville—Gerald Grove, Tichel
Sanand, Robert Anderson, George
Worton, Ernest Driely and Rex Car-

Principal Gore received a commu-
nication from Greenfield saying that
the team there had been disbanded
on account of the players not con-
ducting themselves properly and dis-
obeying training rules. Their place
will probably be filled today as Vir-
den, Arenzville, and other towns are
anxious to come over.

With the meet close at hand the
local management is providing ev-
ery means of accommodation for the
visiting teams. A large number of
visitors and rooters are expected
here besides the regular players and
the prizes which are offered for the
three winners are certainly worthy
of the effort. A glance at the list of
entries shows that the teams are
quite evenly balanced and that there
will be some surprises sprung in the
forecast now. It is known that Mr.
Sterling has a fast squad, he has also
Pittsfield, Chandlerville has been
picking up the past few days and in
fact there will not be a matched
team but what will put up a spec-
tacular game.

Services Held in Odd Fellows Hall
Last Night.

The Brooklyn church revival was
held Tuesday evening in the new I.
O. O. F. hall. Rev. J. A. Biddle
conducted the services and preached
a very forceful address from the
text, Rev. 2:17. "To him that over-
cometh will I give to eat of the
hidden manna and will give him a
white stone, and in the stone a new
name written, which no man know-
eth saving he that receiveth it."

Part of the services consisted of
a reading by Miss Lillian McCul-
lough entitled "Built with what you
sent up." There will be services to-
day at 2:30 and at 7:30 at the Odd
Fellows hall. Mrs. A. M. Roberts
will solo at the evening service.

PAST NOBLE GRAND CLUE

Delightful Gathering At Home of Mr.
and Mrs. Louis Piepenbring.

The members of the Past Noble
Grand Club of Caritas lodge No. 625,
entertained their husbands last
night to a social at the home of Mr.
and Mrs. Louis Piepenbring. The
following impromptu program was
given:

Reading—Mrs. Belle Brockman.
Duet—Corinne Piepenbring and
Nelle Anderson.

Music—Inez McCullough.
Instrumental solo—Marie Piepen-
bring.

The hours proved delightful in
every way and after the program a
four course luncheon was served.
The committee in charge of the af-
fair was composed of Miss Alice Mc-
Cullough, Mrs. Effie Bradley and
Mrs. Lennie Hopper.

RECEIVES FEEDING CATTLE

A. A. Curry of Pisgah has received
245 head of fine feeding cattle
which he recently purchased while
at Omaha, Neb. The cattle average
900 pounds and cost Mr. Curry
\$4.70 per hundred. This is the
largest bunch of cattle brought to
Morgan county for a long time.

ILLINI LODGE INITIATES SEVENTEEN CANDIDATES

Large Class Given Work in First De-
gree—Conference Held and Dis-
position of Paraphernalia is Made.

Illini lodge No. 4 I. O. O. F. held
an important meeting last night, at
which time 17 candidates were given
the initiatory degree, and other
business transacted. In a confer-
ence with the representatives of
Urania lodge No. 243 and Ridgeley
Encampment No. 9 Illini sold its
rights and interests in the personal
effects in the Odd Fellows hall to
the other two bodies. Urania lodge
sold her interest in all the para-
phernalia and regalia to No. 4.
Illini expects to buy new furniture
for the lodge room in the new build-
ing on East State street and the 75th
anniversary of the instituting of the
lodge in Jacksonville, which will be
sometime in April, promises to be
an important event in local lodge
circles.

There were twenty-five applica-
tions last night but only seventeen
responded. Several more applica-
tions are awaiting action by the
lodge, and it is expected that by the
time the lodge enters its new hall
the membership will be over 600,
the present membership being 525.

The work last night was conferred
by the degree staff of Illini lodge No.
4, which has always had the reputa-
tion of being one of the best degree
teams in the state. Following the
initiation a splendid talk was given
by Rev. H. S. Alkire.

The following were given the
initiatory degree—Everett Weeks,
Wiley M. Brants, John H. Elliott,
William G. Hadden, Walter C. Ahl-
quist, William O. Swales, Charles W.
Home, Ervin A. Hull, Carl Johnson,
Fred W. Jameson, Lester Belcher,
William E. McCurley, Edward E. De-
vore, James E. Ballard, Lafavette
Lamb, Berry D. Burdick and Clar-
ence Phelps.

A buffet lunch was served, the
committee on refreshments being
Otis Erney, Earl Johnson, George
Siegfried and Lawrence Sibert.

SALVATION ARMY WANTS HOSPITAL

"What we need in Jacksonville"
said a member of the Salvation
Army yesterday "is some sort of a
hospital where we can take care of
people who are too poor to go else-
where and who could find friends
enough who would help them in a
less expensive place. Few people
realize the great amount of good
performed by the Salvation Army,
and the scope of their work. Oc-
casional statistics are published,
which give a small idea of the ef-
forts of the Salvationists, but how
much is accomplished in a silent
way, and only the recipients know
of the deeds of love and mercy. In
the city of Jacksonville alone, the
army force is alert and they go into
homes, perform tasks from which
many would turn, in order to bring
a word of cheer or relieve the pangs
of hunger or cold."

BROTHER OF EX-PRESIDENT IS REPORTED KILLED

(Continued From Page One.)

unfriendly to the new regime. It
had been stated officially that Ven-
ustiano Carranza, governor of Coahuila,
had decided to abandon his an-
tagonistic attitude, but hope of this
has greatly diminished and the cut-
ting of the national railroad be-
tween San Luis Potosi and Saltillo,
and between San Luis and Tampico,
indicates that the government has
much work before it, can subjugate
the rebels.

May Accept Official Version.
There has been much unofficial
speculation as to what the attitude
of the foreign governments will be
concerning the killing of Madero and
Suarez but diplomats are inclined to
believe that their governments will
accept for the present at any rate
the official version, especially since
it appears impossible to establish
counter-facts.

The American ambassador, Henry
Lane Wilson, called on President
Huerta this afternoon and at the
palace it was unofficially stated that
he presented representations from
Washington for a more detailed and
circumstantial account of the deaths
of the former president and former
vice-president. The commission
charged with the investigation has
taken considerable testimony, but
has made none of it public.

On Way to Europe.

Vera Cruz, Mexico, Feb. 25.—Sen-
ora Francisco I. Madero, Jr., and
Senora Francisco I. Madero, Sr.,
wife and mother of the late presi-
dent of Mexico, arrived here early
this morning from Mexico City.
They were escorted by the Cuban
minister and went immediately on
board the Cuban gunboat Cuba.
They were met by Francisco I. Ma-
dero, Sr., and Ernesto Madero, who
arrived yesterday. As soon as the
party had gone on board, the Cuba
sailed for Havana.

The members of the Madero fam-
ily intend to remain in Havana for
some days and will then go to New
Orleans. Their ultimate destination
is Europe.

The Cuban minister reported to-
day that all was quiet in the capital.
He was so well satisfied that order
would be maintained there that he
did not hesitate to leave his family
in Mexico City, where he will re-
turn shortly.

PROTEST INCREASE

Louisville, Ky., Feb. 25.—A pro-
test against a proposed increase of
one cent a pound in the rate on
grain shipments from points in Illi-
nois to Ohio river territory, was
formulated at a conference here to-
night of grain men from six states,
and will be laid before the inter-
state commerce commission. More
than one hundred railroads are said
to be involved. The states repre-
sented at the conference were Illi-
nois, Indiana, Ohio, Tennessee and
Kentucky.

CRACKER'S BEND.

The Ebenezer Epworth league
gave their entertainment, "The New
Minister," at Grace Chapel last
Thursday evening. We are sorry
that the roads were in such a fright-
ful muddy condition that many were
prevented from attending. Those
who were there reported the enter-
tainment fine.

The Revival at Union church being
conducted by Rev. Mr. and Mrs. Bat-
terton and Rev. J. G. Reed is still in
progress. Much interest is being
shown and many have decided to
lead a Christian life.

William White is moving to the
farm near Arcadia which he purchas-
ed from Ed Comes.

Mr. and Mrs. J. B. Stewart of
Waverly are visiting relatives and
friends in the Bend.

Miss Marie and Howard Moss went
to Waverly Thursday to visit their
sister, Mrs. John Boyd. Howard re-
turned Saturday, but Marie remain-
ed for a more extended visit.

Miss Cora Vallery is spending a
few days with Mrs. H. E. Ogle.

Mrs. Lou Dawson visited at Mrs.
Hattie Vallery's Wednesday after-
noon.

Mrs. Harry Brainer spent Thurs-
day afternoon with Mrs. Hannah
Brainer.

J. A. Smith of Concord is visiting
relatives in the Bend.

Mr. and Mrs. William Jones at-
tended the William Stewart sale
near Concord Monday.

Virgil Ater, son of Mr. and Mrs.
Lee Ater, is recovering from a se-
vere illness.

Mr. and Mrs. J. R. Ginder are re-
covering from a two weeks illness.

Guy McFadden is numbered among
the sick.

Aunt Lizzie Turley's many friends
are glad to learn that she is improv-
ing from the effects of the injury
received some time ago.

CROSS ROADS.

Mr. and Mrs. Elsworth Hem-
brough and family were visiting at
the home of the former's parents,
Mr. and Mrs. J. D. Hembrough, last
week; also visiting L. R. Watson of
Cross Roads.

L. R. Watson was a Friday visitor
at the camp in the Asbury neigh-
borhood.

J. D. Hembrough and Thomas
Young were transacting business in
St. Louis last Wednesday and Thurs-
day.

Wilbur Hembrough lost an aged
horse the other day.

Those who attended the reception
of Cross Roads at Mrs. John Henry's
were Mrs. W. E. Reynolds, Mrs. C.
E. Taylor and Mrs. Henry Scott.
There was a large crowd for the
weather. Mrs. Henry served a lovely
three course dinner and everyone
seemed to enjoy themselves very
much.

C. E. Reynolds of Athensville,
Greene county, has purchased the
W. B. McCurley farm, one mile
south of Cross Roads. Mr. Reynolds
will move to this vicinity in the fu-
ture; don't know just when.

Mr. and Mrs. Reuben Megginson
and little daughter, Mildred, took
Sunday dinner with their daughter,
Mrs. George Thies, in Woodson.

LYNNVILLE.

Mr. and Mrs. Wiley Tod and two
children spent Thursday with Mr.
and Mrs. M. V. Todd.

Mrs. James Masters and little son
of Wheatland, Wyoming, are visit-
ing with Mrs. Master's brother, F. R.
Watson.

William Stevenson and Lena Black-
burn were visiting in Springfield the
past week.

Mrs. James Herring went to Peo-
ria Saturday for a visit with her
daughter and to receive medical at-
tention.

Mrs. Nida Gordon had the misfor-
tune to run the scissors in her foot
Friday evening. The wound is heal-
ing nicely, however.

CLEMENTS.

Mrs. F. C. Votsmier and daughter
spent several days last week in
Liberberry visiting her father who
has been in failing health for the
past three years. He has been in
Peoria the past few weeks taking
treatment and returned home re-
ported almost cured to the gratifica-
tion of his many friends.

Frank Flynn visited with Mr. and
Mrs. M. G. Lyon at Alton Saturday.

L. Virginia, C. E. Loneragan, Geo.
Bolton and Jas. R. Seymour were
Springfield shoppers Friday.

Jno. Gougherty of Jacksonville
called at the home of Jno. Flynn
Monday.

E. B. Clark loaded his personal ef-
fects Monday. Mr. Clark is moving
to Iowa and we regret to lose him
and his family from our community
but can say truthfully our loss will
be Iowa's gain.

Mrs. Jas. Ellington visited with
her sister, Mrs. Ed. Henry last Fri-
day.

John McNash and L. G. Hall of
Hartsburg attended the state meet-
ing of Farmers' Grain Dealers' as-
sociation at Jacksonville last week
and also visited at the home of J.
H. Shirley, returning home Saturday.

John Rawlings of the east side,
who has been quite ill, is reported as
somewhat improved which we are
glad to note.

Miss Mand Rees called at the
home of James Grimley, recently.

F. C. Votsmier, a candidate for
road commissioner of road district
No. 9, has been interviewing the
voters of the district.

John R. Wilson and wife enter-
tained F. C. Votsmier and family and
J. H. Shirley's family, Sunday.

Wit, Wisdom and Oratory

all take their seats when

QUALITY Rises to Speak

Quality is the dominant business factor to day and in foods
it is paramount. Public opinion and state and national legisla-
tion are all focused on demanding pure, wholesome and nourishing
foods. We have been ever since we opened our doors for business
a step in advance of the procession in upholding quality in food
products and in so doing have been forced to establish brands
that could be relied upon for unvarying quality and uniformity.

We were first in eliminating guess work in regard to quality
of foods. And to day we put out a full line of groceries under the
oldest and most Reliable Brand "Monarch."

The "Monarch" Brand

When the manufacturers behind the Monarch brand select-
ed that word from all the English language to represent their
best efforts they did not do so by mere chance. They made the
word, their ideal, their motto and with absolute faithfulness through
years they have maintained the supremacy of the brand. There
is nothing better obtainable.

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural
Aid and Relieves the Tension.

Mother's Friend, a famous external rem-
edy, is the only one known that is able to
reach all the different parts involved. It

is a penetrating application after the for-
mula of a noted family doctor, and lubri-
cates every muscle, nerve, tissue or tendon
affected. It goes directly to the strained
portions and gently but surely relieves all
tendency to soreness or strain.

By its daily use there will be no pain, no
distress, no nausea, no danger of laceration
or other accident, and the period will be one
of supreme comfort and joyful anticipation.
To all young women Mother's Friend is
one of the greatest of all helpful influences,
for it robs childbirth of all its agonies and
dangers, dispels all the doubt and dread,
all sense of fear, and thus enables the mind
and body to await the greatest event in a
woman's life with untrammelled gladness.

Mother's Friend is a most cherished
remedy in thousands of homes, and is of
such peculiar merit and value as to make it
essentially one to be recommended by all
women.

You will find it on sale at all drug stores
at \$1.00 a bottle, or if you prefer, you will
get it for you if you insist upon it. Mother's
Friend is prepared only by the Brad-
ford Regulator Co., 137 Lamar Bldg., At-
lanta, Ga., who will send you by mail,
sealed, a very instructive book to expectant
mothers. Write for it to-day.

There is a wealth of instruction and
comfort to be derived in reading this little
book. It is plainly written, just what
every woman wants to know, and will be
a splendid little textbook for guidance, not
only for yourself, but will make you help-
ful to others. And, in the meantime, do
not fail to get a bottle of Mother's Friend
at the drug store, and thus fortify your-
self against any and all pain and dis-
comfort.

**DIRECTORS HOLD
IMPORTANT MEETING**

GATHERING IN INTEREST OF Y. M. C. A.

Various Committees Appointed For the Year and Work of the Association Will Be Enlarged.

The directors of the Y. M. C. A. held an important session last night. The business of the evening was presided by a supper faultlessly served by the Ladies' Auxiliary of the State Street Presbyterian church. The main business transacted was the appointments of committees, planning the membership campaign and devising ways of utilizing every inch of available space in the Y. M. C. A. building for enlarging the work of the association.

Physical Department. The physical department has been a busy place the past month. The total attendance in the regular gymnasium class work was 631; those using the gymnasium outside of regular class work, 565, making a total of 1,196. Number of baths used, 1,000.

Attendance At Building. The attendance at the building has been exceptionally good for the month. A conservative estimate places the daily attendance at 75 boys and 50 men making a total of 3,250. The senior bible class meets every Monday evening for study with an average attendance of 16½. Twenty-five new members were taken in this month.

Committees Appointed. President Read read the following appointments of committees to serve for the ensuing year:

Executive Committee—A. C. Metcalf, chairman; W. B. Rogers, Ralph I. Dunlap, Carl S. Hillerby.

Finance Committee—W. G. Goebel, chairman; C. S. Hillerby, Dr. G. H. Kopper, Miller Weir, A. C. Metcalf, Ralph I. Dunlap.

Membership Committee—Dr. C. C. Patchen, chairman; W. G. Goebel, H. Jay Rodgers, Howard Depew, Dr. H. L. Griswold.

House Committee—Dr. G. H. Kopper, chairman; A. C. Metcalf, Frank Moxon, Rev. W. E. Spoons.

Vacancy Committee—Judge E. P. Brockhouse, chairman; Dr. C. C. Patchen.

Auditing Committee—W. G. Goebel, chairman; Judge E. P. Brockhouse, Ralph I. Dunlap.

Religious Work Committee—Rev. W. E. Spoons, chairman; W. C. Springdale, W. J. Brady, T. B. Reeve.

Educational Committee—W. B. Rogers, chairman; Dr. C. C. Patchen.

Physical Work Committee—Frank Moxon, chairman; Judge F. E. Baldwin, W. B. Rogers, Percy Jenkins, Marcy Osborne.

STATE CIVIL SERVICE EXAMINATIONS ANNOUNCED.

Tests Will Be Conducted in Several Cities on April 5 for Score of Different Positions.

The state civil service commission will conduct examinations for a score of different positions on April 5, the examinations to be held in Chicago, Dunning, Peoria, Springfield, Elgin, Jacksonville, Lincoln, East St. Louis, Urbana, Kankakee, Galena, Marion, Harrisburg, Anna, Fairfield and Watertown.

The following positions are to be filled: Eye and ear interne, guard, (male and female), deputy fire marshal, fireman, junior engineer state highway commission, chemist food commission, bacteriologist board of health and for the food commission, advanced teacher, primary teacher, kindergarten teacher, industrial teacher, teacher for the deaf, teacher for the blind, domestic attendants, laborers. The pay ranges from \$20, the minimum for domestics, to \$175 per month for bacteriologist.

The following passed the recent examination for junior highway engineer:

William C. Oest, Galveston, Texas; Martin W. Watson, Racine, Wis.; Roger L. Morrison, Winnetka, Ill., and Oscar G. Klenk, Blue Island Ill.

HAS WONDERFUL MIND.

Five Year Old Girl Perfect Speller Mount Carmel, Ill., Feb. 25.—The most precocious child for her age in this section of the state is believed to be Eleanor Dunn, the little 5 year old daughter of Mr. and Mrs. E. K. Dunn, who lives on a farm not far from the village of Cisne, to the west of here.

The child is a surprise to everyone who knows her for the maturity of her mind. Recently she passed a difficult examination on orthography with a percentage of 100, on a list of 247 words, she being given but on chance at spelling each word.

She carries on correspondence and reads readily, although she has never been to school. All mental exercises she is able to do with the ease of a child seven years older than she.

LEAVES FOR NORTH DAKOTA. Harry Craig expected to leave this morning for Webster, North Dakota, to run a farm for his father. He will be accompanied by G. Grimsley and family and Henry Vedder. Mr. Craig expects to be gone all summer.

W. A. HARWOOD IS KILLED BY FALLING TREE

Wataga, Illinois Resident Known By Many Morgan County People Meets Untimely Death in Timber.

William H. Harwood, who has relatives in Morgan county and known by many of this community, met an untimely death recently at Wataga, Ill., by being killed by a falling tree. The Galesburg paper in speaking of the accident says:

"Caught beneath a falling tree while working in a timber five miles east of Wataga late yesterday morning, William A. Harwood, a carpenter of Wataga, died in the Cottage hospital at Galesburg this morning. The accident occurred about ten o'clock, when the workmen were felling trees on the John Foster place near Wataga. After cutting down one tree, its branches caught in an adjacent tree and it was found necessary to saw off the second trunk. This in turn lodged in a third, and upon cutting down this tree, the three large trunks fell at once. Mr. Harwood endeavored to dodge the falling bough but was unable to do so, a large limb striking him upon the head and knocking him senseless.

His fellow workmen hurried to his aid, and their efforts to arouse him, not meeting with success, a sleigh was hitched up and the injured man was driven to Wataga, a distance of five miles. Dr. R. C. Montgomery was called to attend him. He was taken at once to his home in Wataga. Dr. George Maley of Galesburg was summoned and he brought the injured man to Galesburg in his auto, taking him at once to the hospital, where an operation was performed upon him yesterday evening as a last measure to save his life. The blow had caused him to have concussion of the brain. He died this morning at 7:15 without ever regaining consciousness. Mr. Harwood had been working in the timber since last Monday.

Lived in Knox County 3 Years.

Mr. Harwood came to Wataga last fall from Galesburg, where he lived about two years, having subsequently resided in La Rose, Ill., where he pursued the vocation of a carpenter. Previous to that time he resided in Marshalltown. He was born in Adams county, this state, Sept. 6, 1862, and lived there the greater portion of his life. He is survived by his wife and the following children: J. E. Harwood and Mrs. George Graber of this city, and wood of Wataga. A brother, John the Misses Cora and Eulalia Harwood, lives in Honeyville, Mo., and other brothers and sisters who survive him are Alex Harwood of Camp Point, Mrs. Louise Traver of Colorado, Mrs. Mandy Traver of Camp Point, Tom and George Harwood of Lacon. Two nephews, J. H. and Oakland Gallagher live in this city, as does also a niece, Mrs. R. A. Bervis.

The funeral services were held Friday morning at 10 o'clock at the residence of J. E. Harwood, 618 East South street. Burial was made in Linwood cemetery."

CHARGE OF MURDER AGAINST H. FRANK HENWOOD DISMISSED

Judge Sustains Motion of Attorneys For Defense That Case Had Extended Over Two Terms of Court.

On the ground that the case had extended through two terms of court without having been set for trial Harold Frank Henwood, charged with the murder of Sylvester L. von Phul, was dismissed from trial on the charge by Judge Butler, who sustained a motion of the attorneys for the defense to that effect. Under the Colorado law the charge was outlawed.

Local people will be interested in the case from the fact that Mrs. John Springer was implicated in it. Henwood is now in jail in Colorado, sentenced for life for the murder of George E. Copeland, who with G. W. Atkinson was wounded by stray bullets when Von Phul was killed in the bar room of the Brown Palace hotel in Denver, May 24, 1911. Atkinson recovered but Copeland died of his wounds. The supreme court of Colorado recently granted the prisoner a new trial on this charge. After the shooting it was learned that Von Phul and Henwood quarreled over attentions each was paying Mrs. John W. Springer. Mr. Springer subsequently secured a divorce from his wife and she went to Chicago and was said to have gone to Europe from there.

PETITIONS FOR AUTHORITY.
Havana, Feb. 25.—The judge entrusted with the matter of the charges made against the American minister Arthur M. Beaupre by the newspaper "Cuba" has formally petitioned the house of representatives for authority to prosecute Representative Soto editor of the paper.

WILL PRESENT BILL.
Chicago, Feb. 25.—A bill similar to the county civil service act which recently was declared unconstitutional by the supreme court will be presented to the legislature in Springfield tomorrow.

The only important difference between the old law and the proposed new one is in a section known as the "blanket" clause.

QUESTS GREER AND TATGE.
Chicago, Feb. 25.—Frederick Greer, president of the county civil service commission and Gustavus A. Tatge, a commissioner, to day were ousted from office by A. A. McCormick, president of the county board. Greer was charged by McCormick with neglect of duty and Malfeasance in office and Tatge with neglect of duty only.

CABINET SELECTIONS ARE SETTLED UPON

(Continued from page one)

as the head of the war department in view of the legal questions involved relating to the Panama canal, the Philippines and other important matters and they point to the line of lawyers who have headed the department such as Root, Taft, Dickinson and Stimson.

Colonel Goethals' familiarity with the Panama canal, it is declared, however, have given him prominence in consideration for this portfolio. Mr. McAdoo in the recent campaign was a prominent figure and was in charge of the Democratic forces much of the time during the illness of National Chairman McCombs. He has been associated with some of the foremost business operations in American history, including the building of the McAdoo System of tunnels under the Hudson River in New York.

Josephus Daniels of Raleigh, N. C., has long been Democratic National committeeman from his state. He is the editor of the Raleigh "News and Observer". In the last Cleveland administration, Mr. Daniels was in Washington as chief clerk and appointment clerk of the interior department under Secretary Hoke Smith, now Senator from Georgia.

Representative Burleson of Austin, Texas, has nearly 15 years in congress, having been first elected to the fifty-sixth congress and he was re-elected last fall. He was one of the staunch supporters of Governor Wilson in the house of representatives from the beginning of the pre-convention contest last spring and took a prominent part in the election campaign in congress his chief work has been as a member of the appropriations committee.

Mr. Re Causus Chairman.
Washington, Feb. 25.—Representative A. Mitchell Palmer, of Pennsylvania, Democratic national committeeman of that state is expected to be made chairman of the Democratic caucus in the next house of representatives. Indications tonight being that he is not to be a member of the new cabinet. This was revealed when Representative Burleson announced that he could not be a candidate for re-election as caucus chairman.

President-elect Wilson according to reports tonight has expressed a wish that Mr. Palmer might serve as chairman of the caucus in the busy sessions of the caucus in the house and it is known that Representative Underwood of Alabama, Democratic leader of the house favors Mr. Palmer's selection.

ATTENTION, ELKS!
There will be initiation tonight followed by lunch.

SCOTT'S THEATRE WEDNESDAY Feb. 26th

A Gorgeous Hand-Colored Film D'Art Made by Pathe

The Ways of Destiny

A great, big drama, which is begun in the green fields and leads the spectator thro a labyrinth of middle class and high society life, following the vicissitudes of the career of a beautiful girl, the daughter of a kind hearted old shepherd, who, at a time when his little daughter needed him most, was forever lost to her; cut off while tending his flocks in the open meadow by the most realistic stroke of lightning ever shown in a motion picture. A giant tree under which the old man has taken shelter, is shattered by this blinding flash. This is no stage setting, but the real thing!

Lovers of good pictures which hold one spellbound from start to finish, pictures which thrill one with the wonders of their realistic beauty and grandeur, should not fail to see this picture.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. The Best Treatment for Itching Scalps, Dandruff and Falling Hair

To allay itching and irritation of the scalp, prevent dry, thin and falling hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura ointment into the parting with a bit of soft flannel held over the end of the finger. Anoint additional partings about half an inch apart until the whole scalp has been treated, the purpose being to get the Cuticura ointment on the scalp skin rather than on the hair. The next morning, shampoo with Cuticura soap and hot water. Shampoos alone may be used as often as agreeable, but once or twice a month is generally sufficient for this special treatment for women's hair. Cuticura soap and ointment sold everywhere. Sample of each mailed free, with 32-p. Skin Book. Address "Cuticura," Dept. 3, Boston.

NOTED LEADERS IN CONGRESS NEAR END OF PUBLIC SERVICE

Cannon and Cullom Among the Notables Who Will Be Missed From Washington.

Washington, Feb. 25.—Many noted leaders of the senate and house today entered upon the final week of their congressional careers. When the sixty-third congress assembles in extraordinary session a few weeks hence there will be much about it strange to those who have long been familiar with the personnel of past congresses.

In the house the most conspicuous thing will be the absence of "Uncle Joe" Cannon. It is more than forty years since Mr. Cannon was first elected a member of the house, and he has occupied a seat in that body ever since, except during the term 1891-93. He has served as a member of the house longer than any other man that has ever occupied a seat there, and his service as speaker exceeded that of any other man except Henry Clay.

But Mr. Cannon will not be the only other member of the house who will be missed after March 4. Dillard of Pennsylvania, and McCall of Massachusetts, who for years have been shapers of Republican tariff policy, will be among the missing when Speaker Clark raps the sixty-third congress to order. The tidal wave in Illinois wrought notable changes. Among the members of the Prairie state delegation left out in the cold are George E. Foss, Geo. W. Prince, William A. Rodenberg and William B. McKinley, the last named widely known as the chairman of the Republican congressional campaign committee.

Other well known members of the house who will be relegated to private life one week hence are Nicholas Longworth of Ohio, James C. Needham of California, Ebenzer Hill of Connecticut, Edgar D. Crum of Indiana, George P. Lawrence and Butler A. Ames of Massachusetts, Martin W. Littleton of New York, Victor Berger of Wisconsin, who has been the lone representative of the Socialist party in congress; William B. Wilson of Pennsylvania, chairman of the committee on labor, and Arsene Pujo of Louisiana, chaser of the "money devil," chairman of the committee on banking and currency.

In the senate the changes will be marked by reason of the character of the men who are to retire and of the marked contrast in some instances between them and the men who will take their places. The Republicans in the senate have suffered very serious losses, while the Democrats have made a distinct gain in capable and energetic young men who will come over to the north end of the capitol from the house of representatives.

Cullom of Illinois, and Crane of Massachusetts will be the most conspicuous absentees from the senate when the curtain rises on the extra session. Cullom was defeated in the primaries and Crane declined to be a candidate for re-election. Bailey of Texas, has already withdrawn, and Wetmore of Rhode Island, Guggenheim of Colorado, Burnham of New Hampshire, Briggs of New Jersey, Brown of Nebraska, Gardner of Maine, Paynter of Kentucky, Curtis of Kansas, Richardson of Delaware, and Bourne of Oregon, will step out at the end of the present congress.

In the new congress Democratic senators will succeed Republicans as chairmen of all the important committees of the senate. The prestige of the Democratic party and the fate of the Wilson administration will turn largely on the use the Democratic senators make of their new power. Whatever else may result, it is certain that the retirement of so many of the old leaders will have the effect of bringing to the front a number of senators who have heretofore been kept in the background, principally because they were on the minority side.

GOVERNMENT HAS STOPPED PUBLISHING LUMBER FACTS

Work Has Been Taken Up By Private Agencies.

Because of the extent to which private agencies are now collecting lumber price data, the secretary of agriculture has decided to discontinue publication by the forest service of its quarterly issue of mill and wholesale lumber prices.

When the government began to publish these compilations detailed statistics upon production, consumption, and prices were available for all of the great industries which produce and handle raw materials, lumbering only excepted. Many of these statistics were being gathered by the federal government, particularly the monthly crop reports and cotton reports. Prior to 1905 the lumber industry, then fourth and now third largest of the country, lacked even annual statistics of production. In that year a compilation of the lumber cut was started by the forest service, with the co-operation of the bureau of census. Authentic records of prices of standard grades in the centers of distribution did not become available until 1908, when the forest service began its record of wholesale prices. This record, by leading markets, was published monthly until November, 1910. Since then it has been compiled and published on a quarterly basis.

After a year's publication of market prices there was a general demand for the compilation of prices at the mills, since the market quotations included freight and other costs subsequent to manufacture, and did not show the prices received by manufacturers. In July, 1909, the forest service began a quarterly publication of mill prices of lumber, which, except for minor changes in species and grades has been continued without change until the present time.

Within the past two years lumber associations and other agencies have taken up actively the work of compiling and publishing lumber prices in most of the lumber producing regions. Under these circumstances it is considered unnecessary for the government to continue this work, except to the extent necessary for its own formation. Hence the decision to discontinue the quarterly publications of the forest service. The usual January issue containing the prices for October, November and December is not to be brought out.

SEEKS TO GET ILLINOIS AUTOISTS INTO UNITED EFFORT

State Association is Starting Campaign For Greater Membership—Purpose of Organization is to Keep Tab on Legislation and to Work For Good Roads.

W. D. Snow of Bloomington, president of the Illinois State Automobile association has decided to begin a campaign for increased membership and will seek to secure the affiliation of all city and county clubs in the state. He hopes in this way to have the co-operation of practically every auto owner in the state.

SOME OF THE LEADERS.

Following is the list of the new leaders of the state organization: President, W. D. Snow, Bloomington; first vice-president, Thomas Sudduth, Springfield; second vice-president, C. C. Miller, Cairo; third vice-president, Thomas M. Beatty, Quincy; secretary-treasurer, Henry Paulman, Chicago; chairman good roads committee, R. J. Finnegan, Chicago; chairman membership committee, J. Frank Meyer, Chicago; directors, Arthur Ware, Hillsboro; H. A. Gunther, Chicago; C. G. Sinsabaugh, Chicago; R. J. Ton, Roseland, and R. D. Raggeveen, Blue Island.

The clubs at present identified with the state association are the following: Chicago Motor club, 1,230 members; Blue Island Auto club, 73 members; Quincy Automobile club, 42 members; Cairo Automobile club, 41 members; Nokomis Motor club, 31 members; Mattoon Auto club, 27 members; Springfield Valley Motor club, 33 members; East St. Louis Motor club, 36 members; Springfield Auto club, 57 members, and Montgomery County Motor club, 18 members.

As these are a very small proportion of the clubs in Illinois, a thoroughly organized effort to attract others will probably prove successful. One of the strong clubs of the state, the Elgin Motor club, now has the subject under advisement and a favorable response is anticipated.

Objects of Association. The object of the state association is to harmonize and centralize the efforts of the various automobile clubs of the state, for sane legislation relating to automobile matters and to work for good road laws that will provide for the judicious expenditure of the automobile license fund in the way of permanent road improvement. At the present time, it is important that all clubs support the bill which has been introduced at the present session of the legislature which calls for adequate punishment for the theft of automobiles. The Tice road bill is also endorsed by the state association and is worthy of the support of every automobilist and farmer. Among other things, the Tice bill provides that the auto license money be kept in one fund and expended solely for road improvement. As these roads must be constructed in the country and the farmer has paid the smaller proportion into the license fund, he certainly would be receiving the greater benefit at the least cost. It is pointed out by the promoters of good roads that a tax levy of 3.10 per annum for the next twenty years on each farm in Illinois, the average size being 129 acres, would enable the state to construct a very complete system of improved roads. It is further argued that it should be the aim of every farmer in the country to co-operate with the automobile owners in seeking to bring about such an improvement.

Want Better Roads.

The State Automobile Association was formed largely for the purpose of securing improved highway conditions, but this work is now being handled with excellent results by the Illinois Highway Improvement association. The Automobile Association has accordingly decided to devote its energies largely toward restraining vicious legislation affecting automobiles and in co-operating for the welfare of all members and car owners of the state.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

BROTHER INJURED IN CHICAGO.

J. H. Rayhill Jr., has returned from Chicago where he was called on account of an accident that happened to Mrs. Rayhill's brother, Max Bail, who is now a patient at the Alexin Brothers Hospital in Chicago. Mr. Bail was working in a wholesale paper and paint house and fell from a ten foot ladder. The fall rendered him unconscious and a large roll of paper fell on his chest fracturing two ribs. He was removed to the hospital where he is getting along nicely. He expects to be out in about a week.

REMOVAL NOTICE.

Dr. C. C. Patchen removed from 301 1/2 South Main street to 340 East State street.

PHILLIES FLIT TO SOUTH.

Philadelphia, Feb. 25.—With a big bunch of players in his squad, Manager Doolin of the Philadelphia National league team, left today for the spring training camp at Southern Pines, N. C. The Phillies will spend about three weeks at the training grounds. On the way home they will engage in a number of exhibition games, the last of which will be with Baltimore at Baltimore, March 30 and 31. The spring series with the Athletics will begin on the home grounds here April 1 and continue to April 8. The next day the Phillies will have the honor of playing the first championship game at Ebbets Field, Brooklyn.

ADDED TO GENERAL DOCKET.

Tuesday Mrs. Cleo Florence Gadsbury by her attorney William N. Hairgrove filed suit in the circuit court for divorce from William Gadsbury of Galesburg. The bill states that Gadsbury has deserted his wife for some time and she has been without support and that he has become the associate of lewd women in Galesburg and for this reason the divorce is asked.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with
Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with
phosphate powder:

68 1/4 Per Cent. Digested

Bread made with
alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Suffrage Army Trudging on Way to Washington And Miss Lavinia Dock With Her Suffrage Map

Photos by American Press Association.

Additional proof that the suffragists have no end of originality is given by Miss Lavinia Dock, one of the band of women who undertook the hike from New York to Washington. Miss Dock carries with her a map she painted showing the foothold votes for women has gained in this country. The nine states which have granted equal suffrage are painted in the prettiest color available and those which have not are shown in the dingiest, most unattractive shade conceivable. The above picture shows the marchers trudging on their way and below Miss Dock and her map.

STATE HAS ASSISTED VAST NUMBER OF WORKERS

Records For Past Year of Free Employment Bureaus Are Made Public—70,000 Persons Helped—More Agencies Suggested.

The six free employment agencies maintained by the state of Illinois secured employment for 70,000 people during the year 1912, according to a report issued by Secretary David Ross of the state bureau of labor statistics. These positions were distributed among 190 different occupations.

The number supplied with work by the state last year is an increase of 7,000 over the preceding year. In a comparison of the similar offices in thirteen other states, Illinois leads them all.

Mr. Ross believes that, notwithstanding this favorable report, the offices are not as effective in securing employment as they would be if proper financial allowance were made for their administration. The report in this connection calls attention to the fact that in Great Britain, \$1,000,000 is appropriated for the use of twelve labor exchanges there.

It is also recommended in the report that the employment agency law be amended so as to apply to all cities having a population of 25,000 or more. The present limit is 50,000 and the agencies are located in Chicago, Peoria, Springfield and East St. Louis. A modification of the law in this respect would grant to a dozen additional cities the benefit of the free service.

Another recommendation is the establishment of a department devoted to the securing of employment for juveniles ranging in age from 14 to 16 years. This work could be made a part of the general duties of the agencies, with the proper financial assistance.

ARGUE APPEAL IN COMPERS CASE.

Washington, Feb. 25.—In the District of Columbia court of appeals arguments were begun today on the appeal of Samuel Compers, John Mitchell and Frank Morrison, the American Federation of Labor officials who are under pall sentences for contempt of court in connection with the famous Buck Stove and Range company case. It is expected the argument will occupy two days. Judge Alton B. Parker of New York and Jackson H. Ralston of this city appeared in behalf of the convicted labor leaders.

MORE MONEY IN HOGS THAN IN COTTON

Greenville, Texas, Feb. 25.—A movement to interest more farmers in Texas in hog raising was initiated today at the annual meeting of the Texas Swine Breeders' association, which is holding a two days' session in this city. Estimates showing greater profits in swine raising than in cotton culture were read and ordered published.

SEEK TO MAKE SERVICE AT HOSPITAL BETTER

Superintendent of Passavant Has Issued Letters to Physicians Calling Attention to Equipment.

Miss Ida B. Verner, superintendent of Passavant memorial hospital recently issued the following letter concerning the hospital addressed to doctors:

"We are anxious to make the service at Passavant memorial hospital, Jacksonville, Illinois as complete as possible and after March 1st, 1913, there will be free laboratory service by a competent pathologist for all resident hospital patients. The pathologist is Dr. Grace Dewey, who has had a laboratory at the hospital for some time and whose work in this department is unexcelled. This service will include examinations of urine and sputum, leucocyte count, red blood count, haemoglobin estimate, Widal test, Neisser, diphtheria and malaria examination.

"In November last a Giant Magnet was added to our equipment and we would remind you of the up-to-date X-Ray machine which was installed in 1911, and which has already been very largely patronized by the profession. We have a constant exhibit of our X-ray plates which you are invited to inspect at any time.

VISITORS EXPRESS THEIR APPRECIATION FOR COURTESY

Men Identified With Illinois Farmers Grain Dealers' Association Sent Letters to Mayor Davis.

Mayor Davis is in receipt of two letters from men who had much to do with the recent convention of Illinois Farmers' Grain Dealers' Association held in this city. The letters are from J. A. McCreery and John U. Surface of Mason City and express appreciation for the courtesy extended to visitors. The letters are as follows:

Mason City, Ill., Feb. 24, 1913.
Hon. George W. Davis, Jacksonville, Ill.

Dear Sir: I wish to thank you for your hearty co-operation in making our convention a success. We have never held a convention in any city where our comfort was looked after better than in your city. Many thanks to you and your people for the many ways in which they contributed to us.

Wishing you and your family well, I am, your respectfully,
J. A. McCreery, Secretary.

John U. Surface, one of the directors of the association and also a resident of Mason City, writes as follows:

Mayor George W. Davis, Jacksonville, Ill.

Dear Sir: I drop you these few lines to thank you and Mr. Knollenberg for the good work done by you toward making a success of the convention held in your city last week.

I sure would have been up against a real proposition if it had not been for your people. I will always have a warm spot in my heart for you as officers and also for the members of the Chamber of Commerce.

One reason why I was so anxious to have this meeting pulled off successfully is because it was in my district and I wanted to have it all O. K. I think every one attending the convention went home with praises for the way they were entertained while in your city.

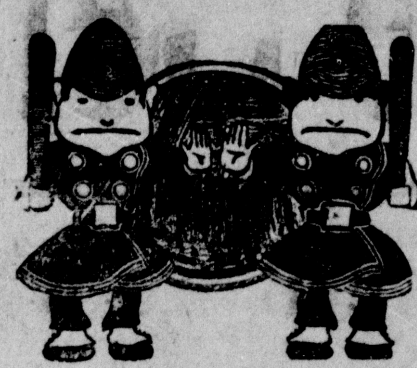

I want to thank you again for the assistance rendered.

Very truly yours,
John U. Surface.

LAY CORNER STONE AT NIGHT.

Boston, Feb. 25.—Owing to the fact that university presidents are very busy nowadays it has been decided to lay the corner stone of the magnificent new club house of the Harvard university at night instead of having the ceremony take place in the daytime as is usually the case. The ceremony will take place tomorrow night. The celebration will begin at the Hotel Somerset, whence, after addresses by President Emeritus Eliot and President Lowell of the university, members of the club will march to the site of the clubhouse, near the corner of Commonwealth and Massachusetts avenues, where the corner stone will be laid with impressive exercises. The Harvard alumni chorus will sing, red fire will be burned, and "three long Harvards" and three times three" will be given immediately.

NOTICE

To, Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat 10.00 to 14 per cent
Crude Protein 52.50 to 60 per cent
Crude Fibre 1.00 to 3 per cent
Phosphate 10.00 to 12 per cent

What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form. It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration. It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD", analysis as above. It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

Would Abide By Conference Decision—Judge Lawrence Y. Sherman stated to the State Register that he had not expressed any determination that he would only accept the long term senatorship in the event of the Democrats and Republicans uniting on Col. J. Hamilton Lewis and himself as the candidates for senators for whom they would vote. He said if a conference was held he would abide by the decision who should be elected to the long term and who to short term.

Anti-Toxin Supply Exhausted—Owing to the unprecedented demand for diphtheria anti-toxin during the last six months, the appropriation which the state board of health received from the forty-seventh general assembly for the purchase of the serum for free distribution during the fiscal year ending June 30, 1913, through its 300 or more agents, scattered about the state, is now exhausted.

Motion Pictures for Veterans—Moving pictures are now on the evening program at the soldiers' home at Quincy. Three reels are run nightly without cost to the old veterans in an effort to keep them from visiting the city and thus eliminating much of the indulgence in liquor. Pictures of battles and current events will be featured.

Ask Big Appropriation—Approximately nine and one-third millions of dollars will be asked by the state board of administration as appropriations from the legislature for the maintenance of state charitable institutions from July 1, 1913, to June 30, 1915, two fiscal years. This was made known yesterday when it was announced that estimates of the financial needs of the institutions have been completed.

The announcement came after the state board had acted upon and amended to some extent the recommendations of Fiscal Supervisor Frank D. Whipp of the board, who is required by law to ascertain, by personal visitation, the needs of the institutions and to submit them to the general board. His recommendations were for \$9,625,368.09.

Bloomington Boy Bandits Caught—Six local boy bandits, ranging in age from 10 to 16, were arrested by the police of Bloomington Monday after they had stolen horses, guns and ammunition to the amount of \$1,000. They were making arrangements to go to Springfield and terrorize that city with hold-ups. A week ago they commenced burglarizing hardware stores to secure revolvers.

Only Unwise People Tolerate CATARRH

Here is a sure way to get rid of Catarrh: hawking, snuffing, and all misery caused by the Catarrh germs. Get a HYOMEI outfit to day, follow the instructions and breathe five times a day deep into your lungs the germ killing air through the little inhaler.

At night just before going to bed use the vapor treatment as directed. This treatment is prescribed by the best Catarrh Specialists in America and Europe to destroy Catarrh germs.

Booth's HYOMEI is a Australian Eucalyptus and other splendid antiseptics. A complete outfit which includes inhaler is \$1.00; separate bottles, if the first does not entirely cure, can be obtained for fifty cents and money back from Coover & Shreve if you are dissatisfied. Just breathe it—no stomach dosing.

"THE SPRING MAID."
"The Spring Maid" had the bubble and joy of rare wine on its coast to coast tour last season, and this year critics everywhere have declared that it shows even more delightful qualities on its return engagements. There is a reason for this. Werba and Luescher, its producers, retained nearly the entire organization which presented "The Spring Maid" last season, including the celebrated Marguerite Wright, and Charles McNaughton and the splendid cast which proved so notable wherever the opera was sung. The cast has been strengthened both in its principals and chorus, and a special orchestra insures a rare musical treat when it comes to the Grand Wednesday, March 5.

Six Breezy Stories

There is all the snap and zest and sparkle of a March day in the March Woman's Home Companion's stories. A ghost story; a gypsy story; a story of a girl who set about to reform her father—and then changed her mind; a delightful love story; a story about Olive Hobart, who could not get along with her family and yet dared to undertake "the married woman's trade."

Juliet Wilbor Tompkins, Mary Heston Vorse and Josephine Daskam Bacon wrote some of these stories—so you know how good they are. Read them for

MR. HARRY OBERMEYER TO WED MISS GERTRUDE NEWMAN

Announcement of Engagement Made at Party Given by Mrs. L. Meigs in Chicago—Will Wed in June.

At a delightful luncheon given at the home of Mrs. L. Meigs in Chicago Monday afternoon, announcement was made of the engagement of Miss Gertrude Newman of that city to Mr. Harry Obermeyer of Jacksonville.

The home was prettily decorated in green and white and the guest list included intimate friends of the bride-to-be. A novel luncheon was served.

Miss Newman is the daughter of Mrs. Jennie Newman, her late father having been one of the influential business men of Chicago. She has been a student at the Illinois Woman's college for the past two years, being a member of the class of 1914. She did not come back to school after the holidays. She is a popular member of the Belle Lettres Literary society of the school and has a great many friends here.

Mr. Obermeyer is the son of Mr. and Mrs. J. A. Obermeyer of North Church street and is associated with his father in the conduct of their drug and stationery store. He is a graduate of the local high school and is a member of the Elks, Improved Order of Red Men and of the Knights of Pythias.

The wedding is expected to take place in the early part of June.

FOR A GOOD DIGESTION

A Local Druggist's Suggestion. It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overtaxed, waste matter accumulates in the system—the liver gets sluggish and the blood becomes thin and devalitized.

We want to ask every person in this vicinity who is troubled with indigestion or a weak worn-out stomach to try our delicious cod liver and iron tonic Vinol.

We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite, and replace weakness with strength.

We just heard of a case of a man in Oneonta, N. Y., who suffered from a bad stomach trouble for fifteen years and had become so weak he could hardly walk—who was cured by Vinol.

Try a bottle of Vinol and if it fails to help you we will give back your money. Lee P. Allcott, druggist, Jacksonville, Ill.

P. S. For itching, burning skin try our Saxo Salve. We guarantee it.

MORGAN.

Mr. and Mrs. C. D. Hougham and Mrs. W. Woodward of Chapin spent Tuesday with Mr. and Mrs. James Hutches.

John Taylor, John Drake and Wilbur Williams were county seat visitors Saturday.

This Is What You Get In Your Copy of This week's

The COUNTRY GENTLEMAN

Why the Little Red Schoolhouse Fails. A frank but helpful criticism of rural schools, written by Ware J. Hibbard after years of personal experience as a country school-teacher. He shows exactly what is wrong with rural schools and how that wrong can be remedied.

The Man Who Made Good. He's J. E. Fitzgerald, and the big secret of his success is: "It doesn't pay to raise things to suit your fancy altogether; raise things to suit the buyer's fancy." If you are a market gardener or in any way interested in this end of agriculture, Mr. Fitzgerald's article will help you to make more money.

An Ex-Slave's Miracle Crops. The United States Department of Agriculture has just issued a Bulletin telling of the marvelously large crops raised by an ex-slave on a two-acre farm. But Bulletins, like coins, have two sides; this article, by Barton W. Currie, shows the "other side" of this remarkable Bulletin.

Simple Accounts For Farm Business. "For want of a nail . . . the kingdom was lost and for want of a sound system of keeping accounts many a once valuable farm has been lost. To help you avoid just such a pitfall, Morton O. Cooper, an expert farm accountant, has worked out a simple but practical system for keeping farm accounts.

Breeders Who Make New Breeds. Years of effort on the part of enterprising and progressive farmers and scientists in developing new and better breeds in plant and animal life were announced at the annual convention of the American Breeders' Association, held recently at Columbia, S.C., and this week's issue contains an article telling just what these breeders have accomplished and how their achievements will benefit farmers and stockmen.

Correcting Concrete Silo Troubles. An important article showing why concrete should be used in building such permanent structures. Common dangers that should be avoided are also pointed out.

Mushrooms at Home. The market for mushrooms is always good, but the supply of mushrooms is never up to the demand. This article, by S. L. de Fabry, an expert mushroom grower, shows just how to grow and market mushrooms.

Dairying On Rough Land. If you have a rough, broken portion of land that seemingly about using just such land for pasturing dairy cows.

The Farm That Won't Wear Out. Dr. Cyril G. Hopkins' (of the Illinois Experiment Station) final summing up of his series of articles on the "how" of maintaining permanent, successful agriculture. You will get the whole gist of this important series in this one article.

Odd Jobs for the Automobile. A fifteen-minute article by Charles E. T. Scharps that shows how an automobile can be used on the farm to saw wood, thresh grain, churn butter and cut feed.

Concrete Corncribs. In one section of the country progressive farmers are building concrete corncribs. Why they have adopted this new form of construction and how the work is done is explained by William Walter Smith.

SPECIAL FEATURES FOR WOMEN

The Country Gentlewoman this week talks to the woman who is a victim of the "nagging" habit. It is critical, but helpful.

Grandmother's Recipes are a number of good old-fashioned recipes that today are among the "lost arts" of the kitchen.

The Country Woman's Clothes page gives a number of designs for waists that are attractive and yet practical and serviceable.

Keep Your Heirloom, for old as they are, they are better than much of the present-day furniture, etc. Moreover, as Frederick Hewitt points out, they're worth money. The antique dealer knows the value of your old furniture and so should you.

FOR POULTRY FOLKS ONLY

A Real Cure for Roup that cured 98 per cent. is explained by F. S. Jacoby. This new treatment has been worked out by the Ohio State University.

Hen Brooding, by W. A. Sherman, discusses the advantages of natural brooding over the manufactured brooder—a subject that is especially interesting and timely at this season of the year.

The Congressional Calendar. This week THE OBSERVER discusses among a number of other things the new Democratic Committee on Public Lands of the House of Representatives, and the attitude of its members toward conservation.

The Crops and the Market. A weekly department written by one of the foremost financial authorities of the country, giving an agricultural-financial forecast that will be of the utmost value to every farmer, and business man having dealings with farmers.

Everyman's Garden. To the suburbanite, too—the question of good soil and how to take care of it is vital. This week EVERYMAN'S GARDEN takes up this important question of garden soils.

The R. F. D. Letter Box. No matter what you want to know about agriculture, stock raising or poultry, write to us. An expert (who knows what is practical) will answer you—which is better business than learning by stumbling.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCK MARKET STILL UNSETTLED

SPECULATIVE CONDITIONS LITTLE CHANGED AND MARKET UNCERTAIN.

New Low Prices Were Recorded For Several Leading Issues—S. P. Develops Into Strongest of the Leading Stocks.

(By Associated Press)
New York, Feb. 25.—After another bear drive had forced quotations of many stocks to new low points for the long decline, the market rallied today. Speculative conditions were little changed. The market still was uncertain and at times decidedly unsettled. New low prices were recorded for Union Pacific, Amalgamated Steel, St. Paul, Erie, Atchison, the Mill stocks and a long list of less important issues.
Activity on the short side was confined principally to the first hour of trading, the drive having little life while the recovery was in progress. Selling of inactive stocks continued.
The one new factor of genuine interest was the decision of the California railroad commission that where the Southern Pacific granted to the Central Pacific use of tracks and terminal facilities the same privileges should be extended to other competing lines. In the opinion of the heads of the Harriman lines this ruling, if sustained, would interfere seriously with the proposed dissolution plan and might even cause its failure. There was some selling of Union Pacific when the significance of this action became known and the price fell under 153. The most effect, however, was upon Southern Pacific, which was bought on the theory that the company would be benefited by upsetting the dissolution plan. Southern Pacific became the strongest of the leading issues, rising more than a point above last night's close. Weakness of the copper group reflected a further decline in the metal market.
London quoted lower prices and in the domestic market sales of refined metal for further delivery were quoted under 15 cents.

LANDOWNERS BETWEEN JACKSONVILLE AND SPRINGFIELD HELD CONFERENCE.

Committee Appointed to Report on Present Rights of Electric Line Company and Prospects of Completing Line—J. D. Dana of St. Louis Gives Strong Hint That Capital May Be Found For Project If No Complications Interfere.

A conference was held Tuesday afternoon at the court house of property owners along the right of way of the proposed Jacksonville and Springfield electric line. It was well attended by residents of both Morgan and Sangamon counties and there was an earnestness about the utterances which made any spectator feel that something is really going to be done about that road. Add to this the suggestion in the remarks made by J. D. Dana of St. Louis, that new capital might be interested in the proposition later on, and one feels entirely justified in the expectation that the road will be built at no distant day. Mr. Dana is vice-president of one of the big St. Louis trust companies and is a brother-in-law of Edward F. Goltz. About the only action which could be taken was the appointment of a committee to make certain investigations and to report results of their finding. This was done and the committee consists of John W. Boston, of Morgan county, and Fred Amrhein and A. T. Gunnett of Sangamon county. The chairman of the meeting yesterday was Benj. W. Brown of Sangamon county and the secretary was P. P. Thompson of this city. Among the speakers in addition to the chairman and Mr. Dana were J. D. McFarlin, M. F. Dunlap, Fred Amrhein, A. T. Gunnett, Lloyd W. Brown and Jno. W. Boston.

Chairman Reviewed Situation.
The meeting was called to order by Mr. Boston and then the chairman and secretary were chosen. After taking the chair Mr. Brown said that the people present were there to take any steps possible that would result in the building of the road and he said that he hoped that some ways and means might be found for bringing this to pass. He said that he thought the road from Jacksonville to Springfield would be a benefit to both cities and to the people in the towns between the two cities; to the land owners adjacent to the right of way and to other land owners as well. He said that he had given right of way and had promised to pay the company \$1,000 when the first car ran over the line and that all along he had done everything possible to encourage the project because he thought it would be a convenience and because he thought it would add to the value of his land. He then called upon J. D. McFarlin who was present to tell any facts he could about the company and the company's plan.

Company's Troubles Told.
Mr. McFarlin told something of the beginning of the project and said that he had really come to the meeting to listen to what the landowners had to say. He said that he and his associates had made a determined effort to build the road and had spent a lot of their own money in the project and suggested that they had not been given the financial support which might reasonably be expected from the land owners. He said that they had used their best efforts and that they had encountered many obstacles and that he was now informed by the company that they have finally succeeded in perfecting the necessary financial arrangements and that they would build the road this spring. In answer to a statement he said that a renewal of their franchise had not been asked because as the road is to run on a private right-of-way that the law does not require authority from the counties to cross the highways. He said further that while the rights to some land for the road have lapsed that in other instances the company owned the right of way in fee simple and that in still other instances certain contracts have not lapsed and other options are without time limit.

New Berlin People Will Help.
Fred Amrhein of Old Berlin was the next speaker and said that the property owners at Island Grove, New Berlin, Gardner and other points are very anxious for the road and that these people will do anything in reason to help along the project. He said that the company had let its franchise lapse in Sangamon county and that although he had written three or four times to the company about this proposition that he had never been extended the courtesy of a reply. He said further that he is conducting a store at Old Berlin and that when the company was at work on the project he extended them all possible help and that for certain supplies he also extended credit. He was asked he said to accept a bond of the road to cover the payment of the amount and agreed to do so but the bond had not yet been forthcoming. He would like to see the road built and would help along in every way possible.

Would Increase Land Values.
M. F. Dunlap spoke in part as follows: "I understand that the leases for right of way have expired and I have heard the suggestion that another company is ready to build the road. It may be true that the old company has not been able to secure expected funds and at any rate we know that one delay has caused another, and that so far as building was concerned the affairs of the company are at a standstill. I am sure that we all are sorry if men have put money into this enterprise and are unable to complete it or to get the money back and everything possible and reasonable should

be done to protect such men. I have heard indirectly that the leases, to some of the right of way have not lapsed and in that case it would be necessary for any new company to either arrive at some terms or agreement with the old company or else secure a new right of way. If the old company is in a position to build this spring it should be able to give some convincing proof of that condition. Mr. Brown has told you that he offered right of way and to give \$1,000 to the company when the road was finished and I myself offered the right of way and I stand ready to give \$500 when the road is completed and no doubt others would contribute in like proportions. I believe this line would add \$50 to \$100 an acre to the value of our lands.

There is no question but that interurbans will come and this and adjoining counties will likely be a network of such roads within fifteen or twenty-five years. The old company must be given every chance and all its rights must be respected if it has any, but the project must go on for the benefit of the public in general.

Mr. Gunnett's Way.
Mr. Gunnett of Sangamon county was the next speaker and reviewed the history of the interurban proposition. He told how he with Mr. Maxey, Mr. Brown and others appeared before the supervisors of Sangamon county and after presenting petitions from property owners persuaded the supervisors to grant authority to use the highway for the interurban. He told how he had granted a right of way on his land and how he had induced his neighbors to do likewise and then went on to say that certain promises made by the company with reference to payment for land were not kept and that from month to month the day of payment was postponed and then was overlooked entirely. Then he told of writing letters to the company and said he could get no answers and that he had arrived at the position where he wanted a road and would help in getting it but he wished no special favors and expected any company to pay for whatever it acquired. He expressed the opinion that the only way to build an interurban between Jacksonville and Springfield was first to make an estimate of cost then to survey for the right of way and go along with the checks and pay for it third to complete a mile at a time. He said one mistake of the old company was not to clean up the right of way as it went along. Instead they would get a piece and then jump to some other property which might be easier to get than that adjoining.

Gave Hint of Other Capital.
J. D. Dana of St. Louis was introduced as Edward F. Goltz and said that he was Mr. Goltz's brother-in-law but must identify himself in order not to sail under false colors. He said that he had no interest in the project save through family relationships but that it seemed to him from the knowledge he had of the country hereabouts that a road was needed. He said that he knew that the old company had made a number of efforts to secure the needed backing to finance their proposition but that he had never personally seen any proposition from them which would appeal to financiers as being safe. He said that it seemed to him that every consideration should be shown the old company and if they have right they should be protected. He said however, that it would be difficult to get capital to take any interest in the matter if there was any danger of buying a law suit. He intimated that if it was perfectly clear that there would be no entanglements or suits that it was entirely probable that money could be found to finance the proposition. He advocated the naming of a small committee to look into the proposition, learning all the facts about the company's rights and property and as to their ability to go ahead with the project, this committee to report later on to a meeting of property owners.

Lloyd W. Brown and John W. Boston spoke briefly in favor of this plan maintaining that it seemed to be the only feasible one. A motion was then made that such a committee be appointed and was carried by a unanimous vote. The chairman appointed on this committee John W. Boston of Morgan county, Fred Amrhein and A. T. Gunnett of Sangamon county.

Some of Those in Attendance.
Among those who attended the meeting were C. H. Warner, Marvin Thompson, William Foster, T. B. Orear, Frank Orear, Ben W. Brown, Joseph Stice, Daniel McGinnis, Henry Frisch, J. F. Berry, T. M. Tomlinson, A. C. Rice, George Wiswell, P. H. McVay, W. E. Boston, J. Marshall Miller, Arthur Harmon, James Doolin, John Scott, N. B. Fromme, C. M. Coons, Robert Reeves, George Mulligan, A. J. GAS RATES IN TERRE HAUTE.
Decatur Review. While Terre Haute is some larger than Decatur it is not so much larger as to make the gas prices uninteresting. A Review reader furnishes a scale of the prices which shows that the average householder in that city using gas for cooking pays most of the time 75 cents a thousand feet. The scale is as follows:
\$1 for 1,000, with 10 per cent reduction on all up to 1,400 feet.
1,500 to 2,900, 15 per cent off.
3,000 to 4,900, 20 per cent off.
5,000 and over, 25 per cent off.
To get the discount the bill must be paid before the 10th of the month and no change is made of less than 50 cents.
In Decatur it may be that most of the users of gas stoves consume less than 4,900 feet a month, but it is known that a great many get into the next higher class.

Thursday, February 27--Saturday, March 8

We expect this sale to meet with a response such as has never been accorded any similar event held in the city. In the first place this sale is timely. Most stores hold their white sales in January or early in February, before there is a real demand for summer merchandise. But now—with Easter but a little over three weeks away—you are ready to make such purchases. In the second place, never has fortune so favored us in our buying. Every concession hoped for was granted, allowing us to make prices that border on the sensational. Among the prominent bargains we procured were in Bed Spreads, Luncheon Cloths, Linen and Cotton Huck Towels and Guest Towels. In each instance you get the benefit of our good fortune—and as she reads the following items the most ardent suffragist will forget her desire for the ballot and become enthused once more with the old-fashioned womanly trait of bargain hunting.

Bed Spreads—Hemmed, cut corners and scalloped at a price range of from 70c to \$4.00
Luncheon Cloths—45 inch square, exceptional values at 95c, \$1.25, \$1.50, \$1.65, \$1.75

I. C. ALUMNI IN CHICAGO WILL HOLD ANNUAL DINNER.

Dr. Carl E. Black Will Give Illustrated Talk Referring to Medical Department of the College.

Attention was made recently of the fact that the Chicago Society of Illinois College are to have their annual dinner at the University Club in Chicago next Friday evening. Dr. Charles Clement is issuing the invitations couched in the following unusual language.

"The annual dinner of the Chicago Society of Illinois College will be held Friday evening, February the twenty-eighth, promptly at six-thirty o'clock at the University Club, 76 East Monroe Street. Don't miss it and don't be late. In previous years it has been the custom to announce dinner for six o'clock but have it actually served about two hours later. This resulted in prolonging the meeting till an hour later than some of the members cared to remain, so this year we are going to sit down to dinner promptly at six-thirty. Be on time if you can—though you will be just as welcome any time during the evening. The dinner will be strictly informal so come directly from your office without waiting to dress up.

"After dinner, Dr. Carl E. Black of Jacksonville will give a talk, illustrated with stereopticon, on the early days of Illinois College, with special reference to the Medical Department. I will venture to say you don't even know the School ever had a Medical Department. Dr. Black has made an exhaustive study of this period and has produced one of the most interesting stories in the school's history, and one that you have never heard and can't afford to miss.

"Other prominent members will talk if they get a chance but we are going to try to suppress most of them. We have purchased several copies of the 'Songs of Old Illinois' (just published) and we will sing some of the old favorites and perhaps try out a few of the new ones. Following the precedent of the last few years, finances positively will not be discussed, so leave your purs at home. Bring just enough loose change to cover the cost of the dinner—two dollars. Or better yet, send to the Secretary a check with your card of acceptance right now."

Four Days Yet Remain for Finishing the Campaign—Some Liberal Contributions Must Come—Dr. Hancher Gives Views of Situation.

The Woman's College Campaign went forward yesterday with only fair success. Dr. Hancher arrived in the morning and immediately took charge at headquarters. A goodly force of workers, both men and women, was busy throughout the day. When headquarters closed last night, the total figure to date was a little under \$53,000. But four days for campaigning remain. In that short period \$7,000 must be pledged, or all is lost. It looks like a pretty close race with a fair chance of losing at the finish. Up to date the women are a little ahead of the men. It will be remembered that at the opening of the campaign, the woman's organization undertook to raise \$10,000, while the men's organization went after \$50,000. The women have pledged a fraction less than 31 per cent of theirs. The men have pledged nearly 88 per cent of theirs. The women are a brave bunch. Dark as the thing looked yesterday, two or three of them proposed that they would finish their by Friday night and turn out to help the men on Saturday.

If the effort fails it will not be because of any negligence on the part of the organization, forwarding it. The methods are scientific, the workers active, the purpose determined, and the spirit intense. Failure, if it results that way, will be chargeable to the knocking of some, and the indifference of many, not withstanding the generous contributions of large numbers of citizens.

Letter From Dr. Hancher.
Editor Journal:

Since arrival on the field of the Illinois Woman's College Forward Movement yesterday morning, I have been studying facts, figures folks and foibles. The facts are interesting, to many, discouraging, and big with suggestion. The figures express the facts. I wonder if they interpret them. The facts are that there is a little more than \$7,000 to be raised in the next four days, about \$1,775 a day; that nearly all the people in Jacksonville have been solicited; that a respectable number of them have subscribed; that if that proportion of the remainder number believed by the people to be able to do so, but who have pledged nothing, would do as well relatively as the subscribers have done, there would be no question about the successful issue of the forward movement in Jacksonville; that if these do not respond some few or your rich or wealthy who have not yet subscribed at all must come forward with generous support or those who have subscribed must subscribe again. But there is another fact of great significance. It is this: more than \$51,000 of the \$53,000 pledged in Morgan County represents citizens of Jacksonville. Less than \$1,500 have been pledged by residents of the county outside of the city. Being a stranger I have no right to comment and I don't. I am just telling facts as they impress me for the information of the people of the city and the people of the county.

If Christian men and Christian women are stewards of God, this hour when one of His institutions equal in importance to any other one in the state of Illinois is in jeopardy, is their supreme moment "to render unto God the things that are God's." I overheard one woman telling another yesterday, "I had to do without a winter suit because of the subscriptions I made to the Woman's College and when spring comes, I will have to repeat the experience. I can't have a new suit until next fall, but I am perfectly willing to wear the vintage of last year for the privilege of giving to Illinois Woman's College." Other good people, women and men, would be as glad to seize this opportunity if only they might catch the vision.

John W. Hancher.

TALKED ABOUT WELL KNOWN NOVELS AT PUBLIC LIBRARY

Mrs. Hayden, Mr. Camp and Mr. Worthington Entertained Large Audience With Entertaining Facts About Books.

The books reviewed at the weekly evening of literary entertainment at the public library Tuesday evening at 7:30 were Fielding's "Tom Jones," Mrs. P. S. Hayden; Bennett's "Your United States," by W. S. Camp, and Paine's "Biography of Mark Twain," by Thomas Worthington.

Although a book not pleasing to many people, Tom Jones can at least be regarded as a very true picture of eighteenth century life. It is a book which tells the truth without fear or favor. Its hero, however, had he may be had our sympathy, we like him in spite of ourselves. Strong, frank, witty and clearly written, the book has strong friends as well as enemies. Some authorities of great reputation consider it not only the best novel of the period but the best novel in the English language. The only way to judge this remarkable work is to read it yourself.

As Bennett Saw the U. S.
"We don't mind a man telling what he knows provided he knows what he tells," said Mr. Camp in characterizing Arnold Bennett's "Your United States," a book remarkable for its accuracy and originality, although hastily written on short observation. Mr. Bennett certainly has the faculty of telling what he knows. He tells us many unpleasant things about our country, but he does it in such a nice way and offsets his criticisms with so many pleasant things that we lay the book down with a warm spot in our heart for its author as well as a better appreciation of our country's foibles, failings and points of excellency. Mr. Bennett was particularly impressed with our cities.

"I don't believe an American ever set foot in Europe with a greater thrill than I felt when I set foot in New York." "In the interesting story of his impressions of the great metropolis that follows, we are given descriptions of the skyscrapers, the hurry and bustle, the great streets, Fifth avenue and Broadway, the sky signs and the department stores, which make us look at these things so often commonplace to us with added interest and more intensive observation. We are amused at the comparisons of our greater cities. It was not until his arrival in Chicago that Mr. Bennett began to feel at home. Here, the native of the dirty, coal begrimed "Five Towns" of England found an atmosphere which reminded him of home. The old instinct to change the collar often and to wash the hands frequently came back, bringing with them memories of the author's native coal fields. Chicago is conscious of herself, New York is not. Chicago is possessed of a soul, a civic consciousness. Like many of the other great American cities she thinks herself the most typically American. Besides the cities, this observing Englishman draws interesting pen pictures of American schools, customs, amusements and modes of travel which cause us to think as we lay down the volume that our United States is a country not half bad after all.

Mark Twain's Life and Work.

Albert Bigelow Paine, Mr. Worthington brought out, was a person especially well qualified to write a biography of "Mark Twain." Besides wide experience in writing, he had an acquaintance with Mr. Clemmons lasting from his early years to the closing days of his life. Mr. Paine's account of our greatest humorist is absorbing, interesting and satisfying. He takes us through his boyhood, the days when young Clemmons roved around the Missouri hills with the original Tom Sawyer and Huckleberry Finn, through his short and troubled school days and printer's apprenticeship until he found himself a humorist and master of letters. The tale of Mark Twain's life as steamboat pilot, Arizona miner and magazine writer, world traveler and friend of great men make up a tale as interesting as any work of fiction.

COLLEGE DESTROYED.

Liberty Ladies College Burns, Loss \$50,000.

Liberty, Mo., Feb. 25.—The school and dormitory building of the Liberty Ladies' college here was destroyed by fire Sunday night. Fifty women pupils escaped with difficulty.

The loss on the building is estimated at approximately \$50,000. This does not include the personal effects, books and clothing of the pupils.

The pupils were finishing their supper when the alarm gong was rung.

Lanes were formed and the girls marched out of the building. As the last girl passed through the front door the third story crashed into the second floor. No one was injured.

The fire is supposed to have started from defective electric wiring.

The college was built in 1890 with money raised by subscription here.

MATRIMONIAL

Lawson-Snyder.

Jesse Lawson and Miss Mabel Snyder, both of Alexander, married Tuesday afternoon at 2 o'clock by Rev. G. W. Plagge, pastor of the Centenary Methodist church at his residence on East State street. The bride is a daughter of Mr. and Mrs. George Snyder Sr., of Alexander and the groom is a farmer by occupation. Both of the young people have a large circle of friends who will extend their best wishes. They will reside on a farm three and one half miles east of Alexander.

MORTUARY

Duvall.

Miss Anna Duvall died Monday afternoon at the Jacksonville State Hospital where she had been for the past six weeks for treatment and cure. She was born in Pike county about thirty-six years ago, and for the past fifteen years was employed in Bloomington, but was obliged by declining health to give up her position in that city.

She is survived by her step-father and her mother, Mr. and Mrs. J. W. Miller, residing in Griggsville and also by one brother, Robert Duvall and two aunts.

The remains were taken to the undertaking parlors of Williamson and Cody where they were prepared for the casket. Tuesday morning they were taken by the step-father, Mr. Miller, to Griggsville where funeral services and interment will be made today.

PRIMARY ELECTION RESULTS.

INSTRUCTIVE ADDRESS.
The Science and Mathematic association met last night with James B. Norton on East State street. Mr. Norton was the leader and gave a most interesting address on electricity and magnetism. As is well known, Mr. Norton has an equipment along electrical lines which would rival that of big institutions of learning. He is especially gifted in work of this character and has developed a great many subjects. He held the closest attention of the members last night and the time was most interestingly and profitably spent.

SEALY

'The Mattress That Puts Them All to Sleep'

NOT TUFTED,

GUARANTEED 20 YEARS

Has been tried and approved by half a million people. No better mattress could be made at any price, yet it sells within the reach of everybody.

At first sight it is hard to make people understand the wonderful qualities of a Sealy Mattress.

It looks different and feels different from any mattress.

It violates all the hoary-headed mattress traditions. Instead of being straight and dotted with tufts, it is smooth and curved. Instead of being hard to the touch, it yields to pressure with the gentleness of a fine pneumatic cushion, and yet with none of the clingingness of the old feather bed.

One has to sleep on it to understand why it is that so many who have tried the Sealy mattress refuse to use any other kind.

We are willing to let customers prove this mattress out for themselves, to send one to your home and to take it back any time within 60 days, if it is not all you hoped it would be.

You are the sole judge of its merits. There will be no quibble about it. Any mattresses returned are sent right back to the factory and are not sold again.
